

SchoolsPlus is excited to host their first morning Coffee House for Parents/caregivers at SJAM starting on January 15th starting after the 9:00 bell.

The hope for this Coffee House is to connect with parents/caregivers to provide an opportunity to get to know the supports existing within their child's school and community. We would like to get input from parents/caregivers about topics or information they are interested in learning more about for future Coffee Houses as a way to stay connected with parents/caregivers of students at SJAM.
